

Mechanical Powder Press TPA 70 S

Highlights

- Robust and reliable
- Easy to operate
- Maximum productivity
- Easy to maintain/repair
- Low energy consumption

Characteristics

- Closed housing with oilsump
- Use of high-quality special materials
- Time-proven construction
- Interchangeable die sets
- Rigid and compact design

Type of press TPA 70 S

Pressing force:	700 kN
Upper punch stroke:	150 mm
Die travel:	70 mm
Stroke rate range:	12-50 1/min
